

## Prowise iPro Wall Lift G2

Engage all students in class

The Prowise iPro Wall Lift G2 makes your touchscreen accessible to everyone. You always have the right height of the touchscreen at your disposal. With control via your foot, attention always stays with the screen.

Product number: PW.1.21002.0003

### Optimal safety

Prowise lift systems have been developed from the outset to be the safest.

- CE-certified
- GS certified
- Only one cable is sufficient to supply both the touchscreen and lift with power

### Durable

Our lift systems have a very long service life and are also exceptionally energy efficient.

- When in standby mode, the lift consumes just 0.1 Wh.
- You will be able to enjoy the durability extensively, because with the use of high-quality materials, you are ensured of a long life span.

## Total cost of ownership

In terms of total cost of ownership, Prowise iPro Wall Lift is the best choice for the short and long term.

- Competitive price
- 5 year full warranty
- Customer service + on site service
- Low energy consumption
- No hidden costs
